Answer these questions to the best of your knowledge. If any of the questions are answered “No,” your home is likely to have an elevated/disclosable earthquake risk. If you do not have actual knowledge as to whether these risks exist, answer “Don’t Know.” Questions answered “Don’t Know” may indicate a need for further evaluation. If your home does not have the feature, answer “Doesn’t Apply.” If you corrected one or more of these risks, describe the work on a separate page. The page numbers in the right-hand column indicate where in this guide you can find information on each of these features.
